INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the latest edition of the Smithfield and Selma City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 City, County, State and National Directories).

Confidence in the growth of Smithfield and Selma's industry, population and wealth, and in the advancement of their civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Smithfield and Selma to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Smithfield and Selma City Directory will fulfill its mission as a source of authentic information pertaining to the cities.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the cities, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the cities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified cities like Smithfield and Selma, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of

8292 45

Smithfield and Selma, and the name, official personnel, nature and address of each firm and corporation in the cities. A special feature of this section is the listing of telephone numbers.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

This publication also contains a Johnston County Rural Residents Directory printed on white paper immediately following the Numerical Telephone Directory.

Municipal Publicity

The Directory reflects the achievements and ambitions of the communities, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Smithfield and Selma.

The Smithfield-Selma Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Smithfield and Selma City Directory, a Directory Library is maintained in the offices of the Greater Smithfield and Selma Area Chamber Of Commerce Inc., for free reference by the general public. This is one of more than 800 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

1973 was a year of growth and expansion in Smithfield. Almost $4 million dollars worth of building permits were issued. Of this, $2,392,-584 was for industrial construction. A new county landfill was opened. Cutter Laboratories $10 million plant is nearing completion between Smithfield and Clayton on U. S. 70. A new Technical Institute Campus, consisting of 100 acres, was purchased in 1973 at a cost of $230,000. A new county airport site has been purchased and an all-weather lighted airport will be a reality in the near future. A new Johnston County Social Security Office opened in Rose Manor Shopping Center. Approximately $70,000 in revenue sharing funds were allocated for recreational facilities in 1973 in Johnston County. Construction of a new 120-bed, full service, nursing home in Smithfield was announced as was the second Johnston County Forum-a college in the community. A recent survey indicated Johnston County had 1,085 business firms, exclusive of owner operated businesses without employees with annual payrolls of over $54\frac{1}{2}$ million.

General Review

Oldest, largest and busiest of Johnston's ten towns, Smithfield is the county seat with an estimate of 9,000 population. In 1890, it was only 545. Once it was a river town, and the Neuse still flows slowly along the west edge of its business section, but its commercial importance now is the potential it has as a source of water. Smithfield's water facilities are adequate for an anticipated growth of 20 years.

Downtown Smithfield spreads east of the courthouse lawn. Tobacco is still a big thing in the life of the average Smithfield citizen. When the six auction warehouses sell some 41,000,000 pounds, they turn loose $36 million, and a good part of it goes to Smithfield—either directly into the pockets of farmers living in town, or indirectly via farm trade.

Tobacco is, however, an old story to Smithfield. In 1770, the legislature established a public "Inspection of Tobacco" in Johnston at the ferry on the lands of John Smith. Here, tobacco was inspected, and put

in stamped hogsheads. It was floated down to New Bern in flatboats. Consequently, Smithfield is the oldest tobacco market in North Carolina, still in business, allowing, of course, for interims of inactivity.

The modern auction market opened in 1898, via a warehouse operated by Skinner and Barham.

The redrying houses, also operating seasonally, provide one of the largest sources of employment in the county, aside from agricultural pursuites.

The cotton market, though overshadowed, is one of the largest in the state, with three gins and facilities for storing 18,000 bales. There is a large livestock market.

But industrial additions such as Burlington Industries, the Jerold Corporation, Fieldcrest Mills, Carolina Packers, GTE Sylvania, Shallco, Inc., AMS, Inc., and others are broadening the base of the town's economy, as well as providing a good balance between agricultural and industrial pursuits.

Smithfield's strategic location at the intersection of the main North-South Routes (I-95 and U. S. 301), and East-West (U. S. 70), plus the Seaboard Coast Line Railroad, and the Neuse River makes it an ideal location.

Smithfield's business and civic leaders, as the result of a tour of several states viewing community improvement ideas, with full cooperation on the community level, unfolded "The Smithfield Plan." Through coordination of community and civic efforts many changes have taken place. These include sidewalk canopies, remodeled businesses, color

styling, off-street parking, new store fronts, landscaping—more than 25 projects completed. Smithfield now has a wide-awake, on-the-move look. It has established itself as a progressive community.

In all of its long career, and through every turn in business, the town has never suffered a bank failure. It is one of the financial centers of North Carolina, through the presence of main offices of the First Citizens Bank & Trust Company.

The town was founded on land which John Smith, the first settler, donated. He had moved in from Virginia and obtained a license to operate a tavern at the site in 1765. Later he moved to Tennessee, where he died.

Smithfield's Main Street

Smithfield was chartered in 1777, and must have had some facilities and prestige during the Revolution. The General Assembly was to have convened in New Bern in April, 1779, but a smallpox epidemic forced them to meet elsewhere, and they chose Smithfield.

It was at this session that the representatives made the first attempt to halt the nomadic wandering which had the assembly meeting first in one place and then another. A resolution was introduced naming a commission to "view and fix upon some place in each of the counties

Basketball and Tennis Courts at Bingham Recreation Park

of Johnston, Wake and Chatham for holding the General Assembly."

Nothing came of this, and the resolution may not even have passed, for the Senate Journal of that session is lost.

However, when a capital site finally was picked, Smithfield was in the running. We frequently hear the town lost by only one vote, but the statement is always prefixed by the warning that it is only a legend.

Also, according to legend, a Smithfield man cast the deciding vote against location of the Southern Railway, fearing that the smoke and noise would be injurious to the quiet of the village. It later obtained the Atlantic Coast Line Railroad, which has since merged with Seaboard to become Seaboard Coast Line Railroad.

Beyond the commercial center lies the residential sections, mostly composed of comfortable but moderate homes.

They are built along old tree-lined streets, and even though close to town have an air of leisure and well-being. Smithfield, for all its concern over the replacement of farm labor and the need for new enterprises, is a town of quiet poise. It has over its 200 years, gradually equipped itself adequately.

As the result of combined community efforts, necessary funds for a new Johnston County-Smithfield Library were raised. Now a new $500,000 library is in operation.

The hospital has been enlarged and renovated, with all modern conveniences being included in addition to increasing the number of beds to 200, including a new $1,000,000 Mental Health Center.

The civic life is well balanced by organizations—civic, fraternal, cultural, literary, dramatic and professional. It has the city-county library, and also is headquarters for a seven branch county library system with bookmobile. A Historical Society is busy compiling a county history. There are 26 churches and 4 recreation parks, operated by a full-time city recreation department.

Smithfield's growth in size and responsibility has not robbed it of a social life which is friendly and neighborly.

The community has several desirable sites available for industry and will meet reasonable requirements to serve new industry.

Approximately 500 high school graduates enter the labor force annually. Selma is served by the Seaboard Coast Line Railroad, and Southern Railway, and by 6 Trucking Lines. Raleigh-Durham Airport, one of the South's leading, is only 40 miles away. Valuations and tax rates are reasonable and city utilities are available.

The Chamber Of Commerce, with the cooperation of town government and civic clubs, has started a concerted effort to get downtown business organizations to improve their properties, both inside and out. This is, of course, a long range program; however, it is being met with enthusiasm.

An organization called Selma Economic Revitalization Foundation, Inc. (S.E.R.F.) has been organized and is working solely toward the

betterment of Selma's Downtown area. Extensive work has been done already and this hard work is continuing.

The greater Smithfield-Selma Area Chamber of Commerce offers its services without obligation. For further information, please write the greater Smithfield-Selma Area Chamber of Commerce, Box 467, Smithfield, North Carolina 27577, or telephone 934-8220.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

CASHIERS! TELLERS! CLERKS!

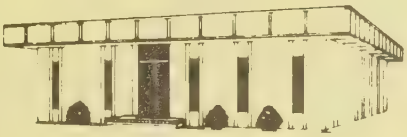

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Our Service Cannot Be Excelled

VITAL INFORMATION AT YOUR FINGER-TIPS

★ Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communications, etc. Also, Directory usage is up among regular subscribers.

Don't Use An Old Directory!

One address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves—

Why not avail yourself of fresh information for your daily use?

STREET DIRECTORY of HOUSEHOLDERS and BUSINESSES

The Street Directory information is secured by an actual door to door canvass and includes these important features:

- Telephone Numbers
- New Householder This Edition
- Apartment Residents
- Office Building Occupants
- Types of Business or Profession
- Street Descriptions

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:
Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:
Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

CAUTION . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.
